

ABOUT US

We are a Community Service based organization. We provide high school students 9th – 12th grades with the information and criteria to compete for college/technical school scholarships. Our programs start Mid-August through October with a End of December dead-line for completion.

MOOSE YOUTH AWARENESS

SCHOLARSHIP
PROGRAM

vmayouthawareness.org

Who Qualifies?

Public, Private and Home School Freshman, Sophomores, Juniors & Seniors.

Kid Talks

A Kid Talk is a presentation on a topic selected by the participating student. The topic selection could be a student's passion or personal experience that could inspire a young child to make healthy choices.

Participant must present a minimum of 3 - Kid Talks presentations to groups of K – 6th grade, with a written explanation of the 3 Kid Talks supported by a 5-minute audio recording for judging by a panel of student peers.

“BY STUDENTS”

OUR HISTORY

The Moose Fraternity has a long history of helping students fulfill and fund the dream of obtaining a College Degree or pursuing a Career. Our dedicated volunteers are committed to giving First Class support to our Youth Awareness Program.

Community Service is vital to our success and with the help from high school students we can reach elementary school aged children and educate them to avoid dangers.

The Men and Women of the Moose have actively supported the Youth Awareness Scholarship Program for more than 35 years.

TECHNICAL

Learn a trade/skill

Our scholarships can be used at any State Accredited Technical School. Whether you are seeking a career in electrical, welding or automotive mechanics we can help you fund that.

Some Community Colleges offer courses in those fields of study and with hands-on programs.
